

Keep track of what matters most

The iFind 1000 is the ultimate personal tracking device for locating loved ones. This small device can easily be carried in a backpack, bag, pocket, or clipped to a belt.

With the iFind 1000 you can know in an instant where your loved ones are and have been. Have peace of mind in knowing that you can see the location of a child, parent or family member whenever you want.

Keep track of what matters most, when you want to locate your loved ones or protect yourself-reliably and conveniently—FindWhere's iFind 1000 is your guardian. From knowing where your child is (and has been!) to equipping your family with a panic button that reports their location in case of an emergency, iFind 1000 will serve your location needs.

▶ **Advanced A-GPS & Wireless Coverage**

Precise, real-time tracking that is accurate and affordable.

▶ **Super Compact Device**

Easy to carry and manage for direct, everyday use.

▶ **Convenient Self-Evaluation Report**

Automatically checks the signal strength and remaining battery life every 24 hours to confirm its health status.

▶ **Battery Operated**

Rechargeable battery that can last up to 3 months.

▶ **Panic Alert**

Alert designated contacts in the event of an emergency.

Basic Unit

GPS RECEIVER Rugged, injection-molded plastic device features polycarbonate housing; includes internal antennas and lithium polymer battery (rechargeable) - no external connections are required.

SIZE 3.95in(L) x 2.32in(W) x 1.00in(H)
[100.4mm x 59.0mm x 25.4mm]

POWER Battery: Rechargeable Li-Ion 1340 mAh standard, 2000 mAh optional GSM operating power (typical):

Band	Mode	Avg(mA)
GSM	1TX/1RX	150
	Idle	< 1

CONNECTORS Mini USB jack power (recharge battery) and local data access

AUDIO 2.5mm (0.001 in) headset & I/O

Optional Accessories

VEHICLE ADAPTER Vehicle power adapter (optional) connects device to external vehicle power supply. Rechargeable battery allows limited operations after loss of external power.

MOUNT Belt Clip (optional)

GSM Performance

GSM GPRS Multislot 8, Class B
850/900/1800/1900 MHz (Quad-band):
Class 4 (2W@850/900 MHz)
Class 1 (1W@1800/1900 MHz)
GSM SMS: PDU, MO/MT, Cell Broadcast
Voice: AMR, EFR, RF & HR
SIM: 3.0 V (internal accessed via battery compartment)

TYPE APPROVALS PTCRB (ver. 3.7.1) and GCF (ver.3.21.1)
FCC Parts 2, 15, 22 & 24
Industry Canada (CSA)
CE Mark
RoHS Compliant

GPS/A-GPS Performance

GENERAL Autonomous and “enhanced” autonomous
GPS operations with optional multi-day service
Tracking of up to 14 satellites
3GPP A-GPS standards compliant
Supported protocols: SUPL, NMEA

Environmental Specifications

TEMPERATURE Operating: -30°C to 70°C
Storage: -40°C to 85°C
Humidity: Up to 95% non-condensing
